4 Principles

Youth Solutions' consumer feedback and complaints handling process is based on the following elements:

People focus

Youth Solutions is committed to seeking and receiving feedback and complaints about its services, systems, practices, procedures and complaint handling.

Any concerns raised in feedback or complaints will be dealt with within a reasonable time frame (as in AS/NZ 10002).

People providing feedback and making complaints will be:

- provided with information about the feedback and complaint handling process and how to access it
- listened to, treated with respect by staff and actively involved in the process where possible and appropriate, and
- provided with reasons for our decision/s and any options for redress or review.

No detriment to people providing feedback or making complaints

We will take all reasonable steps to ensure that people making complaints are not adversely affected because a complaint has been made by them or on their behalf.

Accessibility

Youth Solutions will ensure that information about the complaints and appeals processes is readily available. Youth Solutions will ensure that its systems to manage complaints are easily understood and accessible to everyone, particularly people who may require assistance.

If a person prefers or needs another person or organisation to assist or represent them in the making and/or resolution of their complaint, we will communicate with them through their representative if this is their wish. Anyone may represent a person wishing to make a complaint with their consent (e.g. advocate, family member, legal or community representative, member of Parliament, another organisation).

The complainant can arrange their own interpreter or Youth Solutions can organise an interpreter at no charge.

Early resolution

Where possible, negative feedback and complaints will be resolved at first contact with Youth Solutions. When appropriate Youth Solutions may offer an explanation or apology to the person making the complaint.

Responsiveness

Youth Solutions will promptly acknowledge receipt of complaints.

POLICY – CONSUMER FEEDBACK AND COMPLAINTS HANDLING

Youth Solutions will assess and prioritise complaints in accordance with the urgency and/or seriousness of the issues raised. If a matter concerns an immediate risk to safety or security, the response will be immediate and will be escalated appropriately.

Objectivity and fairness

Youth Solutions will address each complaint with integrity and in an equitable, objective and unbiased manner.

Youth Solutions will ensure that the person handling a complaint is different from any staff member whose conduct or service is being complained about.

Confidentiality

Youth Solutions will protect the identity of people making complaints where this is practical and appropriate.

Personal information that identifies individuals will only be disclosed or used by Youth Solutions as permitted under the relevant privacy laws, secrecy provisions and any relevant confidentiality obligations.

Continuous improvement

Youth Solutions are committed to improving the way our organisation operates, including the management of the effectiveness and efficiency of the consumer feedback and complaints handling system. To this end, Youth Solutions will:

- implement best practices in complaint handling
- regularly review the complaint management system and complaint data, and
- implement appropriate changes arising out of the analysis of feedback and complaints data and continual monitoring of the system.
